Subject: English

Student's Name:.....

School's Name..... District:.....

You are: Boy Girl Local Level:

1. Listen to the teacher and write the sentences that you hear. (3x1=3)

a).....

b).....

c).....

2. Read the following text and do the tasks that follow. (7)

Horses are beautiful creatures. They can be different colours and can run quickly. People like horses because they are strong and powerful.

Horses are mammals. Mammals are warm-blooded animals with hair or fur and usually give birth to live **young**. The mother horse generally has one baby in the spring and feeds the baby milk. Horses have long legs and big eyes that can see almost all the way around them. They can walk, trot, gallop and jump.

Young horses that are one year old or younger are called foals. A young female horse is called a filly, and a young male horse is called a colt. After 4 years, a horse is considered an adult. Many people think that a pony is a young horse, but that is incorrect. A pony is a type of horse that does not grow very large.

Horses can live up to 20 or 25 years. Sometimes people can tell how old a horse is by looking at its teeth! They generally sleep standing up, so they can run away quickly if a predator comes near. Horses only need about three hours of sleep per day!

Tick (✓) the correct answer. (3x1=3)

2.1 What does the word 'young' mean in the second paragraph?

- a. male b. female c. baby d. adult

2.2 How long does a baby horse need to become an adult horse?
